

Blast into action with Pinball! Everyone has spent time at the local arcade, hunched over the pinball machine, locked in concentration as you battle for the highest score. As the silver ball whizzes from bumper to bumper only your perfect timing stands between a replay and game over.

Now you can experience the thrill and excitement of Pinball in a whole new way! Climbing aboard the customized airball vehicle you are set at the starting line. Prepare for launch! The operator shoots you out and you're pushed back into your seat by the g-forces as you rocket out onto the Pinball 'table'. Now you are in control, onboard sensors allow you to activate the flippers when you come into close proximity, but you won't be alone, this high speed bumper ride pits you against a rotation of other riders, the better you play, the longer you ride. And just like the classic game that it was built on highest score gets to play again!
